People are essential to the success of Singapore’s tourism industry. Working in close collaboration with industry partners, associations, business owners, education institutions and government agencies, STB supports the tourism sector in grooming talents, upskilling the workforce, and improving business capabilities. These are critical for enhancing business sustainability, operational efficiencies and service standards.
How would you describe STB’s year in 2018?

Despite some headwinds, we achieved a third consecutive year of growth for both Tourism Receipts (TR) and International Visitor Arrivals (IVA). TR came in at S$26.9 billion (+0.5%) as a result of higher visitor spending from our top five TR source markets while IVA hit 18.5 million (+6.2%) on the back of growth across 14 of our top 15 markets. Seven markets, namely China, India, the Philippines, the UK, the USA, Vietnam, and Germany, hit new highs in terms of visitor arrivals.

Within the tourism industry, I was heartened by how well the cruise, hotel and business sectors had performed. Total cruise passenger throughput surged 35 per cent to a record high of 1.87 million, driven by extended sailings and new cruise offerings, while total gazetted room revenue increased by 7.4 per cent to S$4 billion with hotel occupancy rising to 86 per cent (+1.2%). BTMICE visitor arrivals jumped 14 per cent to reach 2 million and BTMICE tourism receipts for the first three quarters of 2018 increased by 10 per cent over the same period to S$3.44 billion.

There is no doubt in my mind that Singapore tourism’s 2018 performance is a strong testament to the outstanding commitment, creativity and expertise of all stakeholders across our industry. On behalf of the Board and management team, I would like to thank everyone for their passion and commitment in supporting the sustained growth and development of Singapore tourism.

I believe STB’s efforts over the last few years towards achieving Quality Tourism have provided the right impetus to our partners in the industry. They have worked collaboratively to develop new tourism strategies and experiences, in order to capture opportunities that are delivering results today.

What sort of impact do you think the volatile global economic and political landscape will have on Singapore tourism in the coming year?

There is much volatility in the world currently and tourism will not be spared in terms of impact.

As a start, global growth is already being affected by the US-China trade war and Brexit-related issues in Europe. At the same time, global competition for the tourism dollar continues unabated as destinations around the world step up their efforts to realise growing demand for travel. Other global industry trends we note are people are travelling more but spending less, and ongoing currency fluctuations that affect spending power.

Despite these trends, the STB remains cautiously optimistic about Singapore’s tourism growth prospects in 2019. We forecast tourism receipts to be in the range of S$27.3 to S$27.9 billion, a 1 to 3 per cent year-on-year growth, while international visitor arrivals are expected to come in between 18.7 and 19.2 million, up by 1 to 4 per cent year-on-year.

To maintain our position as a leading travel destination and achieve sustained growth, we need our partners across the tourism industry to continually refresh their offerings and to create new products. Our efforts must extend across every aspect of tourism, from broadening our marketing reach to conceiving new destination experiences and concepts.
Dialogue with Chairman

How do you think Singapore can compete for a larger slice of the growing tourism pie?

Two key areas come to mind. Firstly, STB has struck up new strategic marketing partnerships with a wide range of partners that will help us to multiply our outreach. These partners include Changi Airport Group (CAG), Alipay, Spotify, Traveloka and Sentosa Development Corporation. One of the key features of STB and CAG’s partnership includes the introduction of the Singapore Stopover Premium Package. This will curate distinctive experiences so that travellers with different needs can better enjoy Singapore. For our partnership with Alipay, we will co-invest in joint marketing activities to encourage Chinese tourists to spend in Singapore with Alipay. STB is also partnering hotels to enhance visitors’ stay in Singapore by elevating the hotel experience beyond accommodation to appeal to their passions and interests through storytelling and tours.

Beyond marketing, these partnerships are expected to play an important role in Singapore’s efforts to differentiate our tourism experiences, such as ubiquitous cashless payment options, attractive stopover packages, and destination-related music and entertainment recommendations for visitors.

Secondly, as part of our global Passion Made Possible campaign, we have seen how authentic local experiences make Singapore unique, and provide the much needed authenticity and variety that appeal to our target audience. For example, since the brand launch in 2017, tour operators saw a 10 to 35 per cent increase in signups for the refreshed passion tours. There are now 27 Passion Tours.

In August 2018, STB launched a new raft of marketing activities for interests such as sports, culture and entertainment. The campaign features many homegrown talents such as songwriter Nathan Hartono, indoor skydiver Kyra Poh and tour guide Cai Yinzhou who founded Geylang Adventures, a social initiative which aims to unpack social issues through sightseeing.

Collectively, these initiatives elevate Singapore’s destination attractiveness amongst existing and potential visitors. We must continue to seek out and pursue such opportunities to sharpen Singapore’s competitive edge.

What will the STB Board and Management team prioritise for the coming year?

Looking ahead, we must continue growing and developing the talents and employment opportunities in our industry. A key priority is investing in data analytics and applying the insights intelligently. Having the ability to gather and analyse in-depth market and consumer data effectively, in real-time, will continue to be a game changer for STB and the tourism industry. As a destination, Singapore’s path to success lies in having people who are creative and passionate about tourism and we must find new ways to nurture a thriving pipeline of talent and resources to reach greater heights.

We also recognise the growing concerns about the environmental impact of travel and tourism, and we are committed to look at ways to minimise tourism’s effects on the environment. For a start, STB’s office building, Tourism Court, was retrofitted and subsequently achieved the Building and Construction Authority (BCA) Green Mark Platinum award this year, the highest rating attainable for existing buildings. Moving forward, we will continue to implement initiatives that will build a culture of sustainability within STB and support our industry stakeholders in driving green initiatives across the whole tourism sector.

This is an important transitional year for STB. I would like to welcome Mr Keith Tan, who joined us as STB’s new Chief Executive on 29 October 2018. I would also like to take this opportunity to thank our current Board and management team members for their continued passion and commitment. I welcome new Board members Ms Audrey Kuah and Mrs Wong Ai Ai and thank former Board member, Ms Christina Ong, who stepped down in December 2018, for her valuable contributions.

MR CHALY MAH
CHAIRMAN
How did STB achieve the strong tourism numbers in 2018?

2018 was a good year for Singapore tourism.

STB expanded our marketing and trade cultivation efforts in more cities in China, Indonesia and India, to ride on strong outbound travel demand as well as increased air connectivity to Singapore from these cities. Some of our efforts in earlier years to invest in new markets such as Myanmar, South Africa, Cambodia, and Bangladesh have also started to bear fruit, as these markets saw encouraging growth trends in 2018.

But these efforts would have rung hollow if STB had not also invested in broadening and deepening the range of business and leisure events, as well as attractions and experiences, in Singapore.

One good example is STB’s partnership with contemporary art magazine Frieze. The collaboration resulted in a three-part series that allowed us to organise thought-leadership art events in Singapore and London. It was an opportune time for us to showcase Singapore as a great destination for arts lovers in the region.

In 2018, STB also stepped up our work with local tour operators to develop new experiences and tours. These efforts resulted in new experiences such as the Singapore 1920s: Trails of Tan Ah Huat and Our Singapore Story: An Artist Journey tours. We worked with event organisers to strengthen established events such as the FORMULA 1® SINGAPORE GRAND PRIX and Christmas on a Great Street, while supporting promising new events such as the PVP Esports Championship 2018. STB also inked a three-year partnership with William Reed Business Media to anchor a series of five 50 Best events in Singapore from 2019 to 2021. We expect this partnership to spur industry and capability growth for local F&B enterprises and drive global awareness of Singapore as a vibrant lifestyle and culinary destination.

Despite global economic uncertainties, STB managed to achieve strong growth across core tourism industries, including BTMICE, Hotels, and Cruise. What were STB’s key strategies and investments that enabled this?

BTMICE, Cruise and Hotels are three very different sectors, so STB uses different approaches and strategies to grow each sector.

**BTMICE.** STB is committed to strengthening Singapore’s position as a leading global business and MICE destination, so our staff work hard with many private sector partners, industry associations and government agencies to attract and anchor industry-leading business events in Singapore. These partnerships set Singapore apart from other cities, as they enable us to attract, anchor and grow business events that complement both established and emerging sectors in Singapore’s economy, such as in logistics, Fintech, the digital economy, and healthcare. In turn, we see these events as strategic opportunities to strengthen Singapore’s position as a global node for innovation, technology, and enterprise.

**Cruise.** STB focuses our efforts on securing a diverse mix of ships and cruise offerings that originate in Singapore, thus attracting different segments of travelers from different countries, while maximising the benefits to the Singapore economy. STB also works with partners in Southeast Asia to open up new cruise destinations in the region, which in turn reinforce Singapore’s position as the regional cruise hub. 2018 saw a record high in passenger throughput as a result of the year-round deployment of Genting Dream and extended sailings from Royal Caribbean’s Mariner of the Seas and Voyager of the Seas.
In 2018, hotels in Singapore made good strides in their efforts to transform their work processes, redesign jobs, adopt innovative solutions, enrich their guest offerings, and expand their international footprint – all while maintaining very high occupancy rates throughout the year. STB works very closely with the Singapore Hotel Association to promote these efforts, to ensure that Singapore hotels remain competitive and productive. In 2018, STB also launched the Hotel Technology Directory to spur hotels’ transformation efforts.

STB introduced the Passion Made Possible brand in 2017 and it has resonated well with Singaporeans. The industry therefore needs good people with the skills to apply these tools to “the business of happiness”. On this front, we must change outdated perceptions of the tourism industry. This is no longer just a business of making beds or giving commentaries on board a tour bus – though both still remain very relevant. Like every other sector in the economy, the tourism industry is becoming increasingly reliant on data and digital technology to enhance value for its customers.

How has the Passion Made Possible brand progressed?

As an aside – I love the Passion Made Possible brand! I especially love how the brand transcends tourism and has a much larger purpose, as it seeks to celebrate qualities in Singaporeans that make Singapore special, vibrant and attractive for visitors and Singaporeans.

STB introduced the Passion Made Possible brand in 2017 and it has resonated well with our target audiences around the world. In 2018, we expanded our efforts to bring the Passion Made Possible brand to 19 international markets. To date, our brand marketing efforts have accumulated a global audience reach of more than 1.4 billion and over 763 million video views.

Many people from inside and outside the travel trade, and many visitors, have told STB how much they have enjoyed the stories of Passion Made Possible. These inspiring stories reflect Singapore’s innate spirit of enterprise, determination, innovative and creativity, and have given STB novel ways of showcasing different facets of Singapore to the world.

Over the next 10 years, STB and our industry partners must double down on our efforts to develop Singapore’s tourism workforce. Our efforts at improving our attractions, events and experiences will falter if we do not have enough good people who care about “the business of happiness”. On this front, we must change outdated perceptions of the tourism industry.

But we believe our investments in tourism also contribute to Singaporeans’ quality of life, by expanding the range of experiences and attractions available to them. By bringing the world to Singapore, we create invaluable opportunities for Singapore companies, and we also help bring the special Passion Made Possible story of Singapore to the world.

As you go through this Annual Report, we hope you will be inspired, as we are at STB, to seek out new and innovative ways of reaching the world – for Singapore.

MR KEITH TAN
CHIEF EXECUTIVE

These inspiring stories reflect Singapore’s innate spirit of enterprise, determination, innovative and creativity, and have given STB novel ways of showcasing different facets of Singapore to the world.

Through the Passion Made Possible campaign, STB has had an unparalleled opportunity to work with many passionate Singaporeans whose lives and experiences demonstrate the values that make Singapore a great place to live, work and play. Their stories and their voices amplify STB’s own marketing efforts, adding a richer layer of authenticity to our stories of Singapore.

Thanks to the efforts of STB staff and past STB leaders, I have inherited a strong portfolio. Perhaps the biggest challenge of all is maintaining, and growing, this portfolio, to ensure that Singapore remains a top travel destination for business and leisure travellers, with a diverse mix of attractions, events and experiences for different target audiences. And we need to do all this while remaining true to Singapore’s intrinsic attributes and character.

One specific challenge is the need to change the longstanding perception of Singapore as a “stopover” destination. This may have been true in the past, but it is certainly no longer the case! There is so much to see and do here, and a “stopover” holiday simply does no justice to what we have here in Singapore.

But we believe our investments in tourism also contribute to Singaporeans’ quality of life, by expanding the range of experiences and attractions available to them. By bringing the world to Singapore, we create invaluable opportunities for Singapore companies, and we also help bring the special Passion Made Possible story of Singapore to the world.

As you go through this Annual Report, we hope you will be inspired, as we are at STB, to seek out new and innovative ways of reaching the world – for Singapore.

To drive sustainable growth and competitiveness across Singapore's tourism sector, STB and key industry stakeholders collaborated closely to develop an innovative array of authentic, world-class attractions, events and initiatives. The industry's passion for delivering highly-engaging and differentiated visitor experiences drew a record number of visitors from around the world.
2018 was a challenging but fulfilling year for Singapore tourism. We achieved a third consecutive year of growth and both tourism receipts (TR) and visitor arrivals (VA) hit new highs. The core tourism industries of BTMICE, Hotels and Cruise also posted strong results.

Singapore welcomed 18.5 million visitors, a 6.2 per cent increase from 2017, due to growth in VA across almost all top 15 markets. Of these, seven markets – China, India, Germany, the Philippines, the UK, the US and Vietnam – generated record arrivals.

TR reached S$26.9 billion (+0.5%) as a result of higher visitor spending from our top five TR markets of China, Indonesia, India, Australia and Japan.
Visitors spent more on Sightseeing, Entertainment & Gaming (+4%). Other TR Components rose (+17%) due to higher airfare revenue as more visitors arrived via local-based carriers. Declines were seen in Accommodation (-6%), Food & Beverage (-2%) and Shopping (-13%) due to a higher number of day-trippers and multi-destination visitors who stayed fewer days.

MARKETING SINGAPORE TO THE WORLD

Amidst an increasingly competitive global landscape and a rapidly-evolving marketing environment, STB continues to sharpen our marketing efforts of Destination Singapore to support the industry’s growth ambitions. To reach today’s discerning and tech-savvy consumers, we are investing in agile, bold and creative destination marketing strategies and game-changing marketing systems that enable us to capitalise on changing trends and emerging opportunities.
Marketing Singapore to the World

STB LAUNCHES 2ND WAVE OF PASSION MADE POSSIBLE (PMP)

The Passion Made Possible brand continued to celebrate Singapore’s people, talent and stories. In August 2018, STB launched the second wave of its global brand campaign.

Three new Passion Tribes - Culture Shapers (who enjoy immersing in arts and culture), Socialisers (who thrive on the energy of nightlife and entertainment), and Action Seekers (who seek action and excitement) - were introduced, adding to the four tribes of Foodies, Collectors, Explorers and Progressors, which were launched earlier to entice visitors to discover and cultivate their passions and interests in Singapore.

In line with the 2017 brand launch campaign, the second wave featured some 80 homegrown talents representing the seven Passion Tribes. The likes of contemporary artist Jahan Loh, DJ KoFlow, founders of bookbinding company Bynd Artisan Winnie Chan and James Quan, and culinary teacher Ruqxana Vasanwala, amongst many others, appeared in a range of activities, from promotional events overseas to short films.

STB rolled out in-country consumer events, industry partnerships and integrated marketing campaigns in 19 markets, bringing Singapore music, arts and culture to our international audience. Activities included lively sing-offs in the Philippines and South Korea which offered audiences the chance to win a trip to Singapore, and pop-up art showcase Atypical Singapore featuring augmented reality technology in India, Myanmar, Thailand, Vietnam and Russia.

GLOBAL AUDIENCE REACH: > 1.4 BILLION

LEVERAGING CREATIVITY TO PROMOTE DESTINATION SINGAPORE

• STB launched the $1 million Fast Forward fund to inspire film, video and animation companies to develop content that creatively features Singapore and brings to life the Passion Made Possible brand. Among the 105 entries received, STB selected five projects from four applicants: The Creative Room; Hummingbird Co.; MM2 Entertainment; and Rifyal Giffari.

• The second edition of STB’s Marketing Innovation Programme, which offered dollar-for-dollar support of up to $300,000 to cover campaign marketing costs, received strong interest. Seven businesses across the media, F&B and e-commerce industries were awarded up to S$1.3 million in total to support innovative marketing campaigns that tell compelling stories of Singapore.

• STB created Merli, an endearing and whimsical character based on Singapore’s mythical icon, to embody the Passion Made Possible brand and build strong emotional connections with families with young children. Merli is now featured in global marketing efforts to reach this key consumer segment.

PROMOTING SINGAPORE AS A LEADING BUSINESS EVENTS DESTINATION

STB continued to market Singapore as a destination where the Progressor tribe can fulfil their passion for growth:

• 2018 saw two strategically significant meetings held in Singapore, attesting to our standing as a destination of choice for business events, namely the historic Democratic People’s Republic of Korea–United States Singapore Summit between North Korean leader Kim Jong Un and President Donald Trump on 12 June, and the inaugural Bloomberg New Economy Forum from 6–7 November. Leveraging these events, STB launched digital and social media campaigns to showcase our MICE industry’s event organising capabilities, as well as spotlighting the Marina Bay area and Sentosa, where the events were held, as top MICE venues in Singapore.

• Together with the Singapore Economic Development Board, STB partnered global business media groups Bloomberg and CNN in global media campaigns to profile Singapore as a premier destination for business events with thriving industries at the forefront of innovation, such as fintech, advanced manufacturing and urban solutions.

• STB’s co-marketing efforts of box-office hit Crazy Rich Asians included co-hosting the official after-party in Los Angeles in August 2018 with Warner Bros., and the roll-out of a three-day public pop-up event “Crazy Rich Singapore Week”, which brought together food, cocktails, art and music from Singaporean talents. STB also co-produced a series of videos with Warner Bros., showcasing Singaporean cast members sharing stories about the locations and cultures shown in the movie.
Marketing Singapore to the World

• STB maintained a strong presence at key MICE tradeshows such as IMEX Frankfurt, IMEX Vegas and IBTM Barcelona, and delighted planners and buyers with local experiences such as Kway Guan Huat Joo Chiat Popiah’s kueh pie tee and cocktails by home-grown mixologists from Native and Operation Dagger.

• The Chinese and Japanese language versions of the VisitSingapore.com/MICE website were launched in 2018 to better engage business event owners and planners. In development are similar websites in German, Bahasa Indonesia, Korean, Thai and Vietnamese.

MARKETING PARTNERSHIPS TO DRIVE VISITOR ARRIVALS & SPEND

In 2018, STB continued to closely collaborate with partners within and outside the travel industry to deliver high-quality experiences to our visitors and promote Destination Singapore.

• STB and Spotify: Beats of Singapore. STB and Spotify jointly rolled out Beats of Singapore, a marketing campaign that taps on music and shared passions to connect communities around Southeast Asia. Between September and December 2018, more than 2,100 submissions were received from Spotify users in Singapore who were invited to contribute to Singapore’s soundscape by recommending songs evocative of their favourite places and activities in Singapore. Playlists were formed to match STB’s passion tribes, which are groupings of consumers based on their lifestyles, interests and what they travel for.

• STB and Changi Airport Group (CAG) Changi Stopovers marketing partnership. STB and CAG co-invested S$3.2 million in a two-year marketing partnership to encourage passengers travelling through Changi Airport to enjoy a Singapore stopover holiday. Transfer passengers currently make up about 30 per cent of Changi Airport’s total traffic, with Australia and India being top contributors. The campaign has garnered 256 million impressions and 23.7 million videos clicks as at December 2018.

• STB’s and Alipay’s Get Rewarded for Every Spend. This joint campaign aimed to raise destination awareness of Singapore and drive Chinese tourist spending, in particular to encourage payment with Alipay while in Singapore. Average spend per user increased 29 per cent from RMB1,945 to RMB2,522 while average transactions per user increased from 2.88 to 3.67.

• STB-Sentosa-Alipay: “cashless smart island”. STB and Alipay teamed up with Sentosa to offer seamless access to Sentosa’s attractions, F&B and retail outlets through the Alipay smartphone app. Based on preliminary results, Sentosa merchants’ adoption of Alipay increased from 30 to 70 per cent, and there were more than 1,800 Sentosa membership redemptions, indicating strong consumer awareness and participation.

• STB and Sentosa Development Corporation: Epic Adventures from the Island Beyond. This co-branded campaign not only amplified the Passion Made Possible brand but also increased awareness of Sentosa’s unique experiences through its own Passion Ambassadors tied to the Foodie, Explorer and Action Seeker tribes. Flowboarder Melissa Kamil from Wave House Sentosa, arborist Daniel Seah, and celebrity chef Sam Leong and his son Joe from Forest were just some of the local talents featured. Their inspiring stories garnered 50 million impressions across various print and digital platforms.
Marketing Singapore to the World

• **STB-Qantas-Changi Airport Group (CAG) Campaign.** STB, Qantas and CAG inked a S$5 million three-year partnership to promote Singapore as a stopover destination and connecting gateway to Asia, Europe and Australia. The partnership resulted in joint marketing campaigns in Australia, UK and Southeast Asia to promote travel on Qantas services via Singapore. The co-branding campaign featured a two-minute film “Sides of Singapore” showcasing the different Singapore experiences of a foodie, explorer and socialiser, and four 30-second short films on the three passion tribes.

• **Partnership with Cruise Lines International Association (CLIA).** STB partnered CLIA to conduct training programmes, destination workshops and trade familiarisations for more than 800 travel agents across 8 markets. To drive sales of cruise packages that bundled extended pre- and post-Singapore experiences, STB rolled out joint marketing campaigns with 14 travel agents that brought in 13,000 cruise passengers from China, India, Malaysia and Australia.

• **STB, Changi Airport Group (CAG) and Costa Cruises Tripartite Partnership.** STB, CAG and Costa Cruises entered into a second tripartite partnership to leverage Costa’s global presence, Singapore’s cruise hub status and Changi Airport’s air hub connectivity to further enhance Southeast Asia’s appeal as a cruise destination. This is expected to bring in over 100,000 international fly-cruise visitors to Singapore over three years.

• **STB and Tourism Malaysia: Passport2Nature Programme.** STB and Tourism Malaysia co-launched the Passport 2 Nature programme to promote Singapore’s Sungei Buloh Wetland Reserve and Malaysia’s Pulau Kukup Johor National Park to nature-loving visitors and families.

IN-COUNTRY MARKETING

Australia
In 2018, visitor arrivals from Australia grew 2 per cent and tourism receipts grew 4 per cent, driven by strong growth in Australian outbound travel and increased flight connectivity to Singapore from key cities including Brisbane, Melbourne and Sydney.

STB launched the second wave of its Passion Made Possible campaign in Australia, with a focus on the Socialiser tribe. Two-day “bar takeover” events held in Sydney and Melbourne in February 2019 attracted more than 2,200 visitors and generated over S$2.6 million in media coverage.

The showcase of Singapore’s vibrant nightlife included signature cocktails created by Singapore bars Native and Operation Dagger – also amongst the World’s 50 Best Bars, a bespoke menu of Singapore-inspired canapés created by MasterChef Australia 2018 winner Sashi Cheliah, and performances by home-grown Singapore artistes DJ KoFlow and Tabitha Nauser.

STB organised BTMICE roadshows in Sydney and Melbourne, where 110 Professional Conference Organisers and corporate clients networked with 17 Singapore BTMICE organisers and suppliers. Digital and online MICE marketing also reached more than 30,000 readers.

China
For the second consecutive year, China topped the lists for Singapore’s visitor arrivals and tourism receipts, which reached 3.4 million (+6%) and S$3.2 billion (+3%), respectively. Key contributors to the strong results were STB’s focused marketing in Tier 1 and 2 cities, and enhanced flight connectivity from cities such as Nanchang, Haikou, Jinan and Nanning.

In the second wave of its Passion Made Possible brand marketing, STB organised a series of unique events to target Socialiser Tribe travellers in major Chinese cities. These included a ‘Born to Be Wild’-themed Secret Party in Shanghai, and a bar takeover and party in Guangzhou. The parties introduced Brand Personalities like Nathan Hartono, Joanna Dong, DJ KoFlow, and notable mixologists from Bitters & Love and Nutmeg & Clove. The two events generated an estimated media value of S$4.2 million and 160 million impressions.

STB embarked on a new partnership with Singaporean fashion brand, Charles & Keith, to create the “One and Only” Crossover event in Chengdu. The 30-day programme comprised a series of activations featuring a fashion show, signature cocktail parties, and interactive workshops. These new touchpoints opened doors to more diverse audiences and provided an integrated platform to strengthen ties with trade partners, media partners and the general public across China.
Beyond that, STB continued to work closely with digital partners like Ctrip, MaFengWo, Meituan-Dianping and Tuniu, as well as travel agency partners. The partnership with Ctrip expanded to include industry development with Singapore tour operators, deepening their understanding of the Chinese market. Marketing campaigns were also launched in tandem with the summer holidays or occasions like the Chinese Valentine’s Day.

In 2018, STB stepped up efforts to reach the BTMICE market in China and undertook a series of targeted marketing and promotion efforts, launched MICE mini-programmes to provide trade partners with more information, and enhanced our dedicated MICE travel WeChat service account with more content. STB also organised the annual China MICE Conference and familiarisation trips where both Chinese and Singapore stakeholders exchanged industry knowledge and obtained updates on the latest MICE offerings in Singapore.

Europe
Visitor arrivals from European source markets grew despite market uncertainties, contributing to 2018’s record visitor arrivals and tourism receipts. Visitor arrivals from eight of Singapore’s top 10 European source markets including the UK, Germany and France hit record highs, growing 14 per cent, 4 per cent, and 17 per cent respectively.

In London, STB partnered with well-known lifestyle brand and restaurant group D&D London to organise the Singapore Supper Club (SSC). Featuring the first-ever collaboration between chefs from three Singapore Michelin restaurants — Odette, Candlenut and Corner House — and mixologists from three of Singapore’s Top 50 Best bars — Manhattan, Native, Operation Dagger, the SSC included a specially-curated Singapore-inspired three-course pairing menu, along with entertainment by Singaporean DJs A Phat Cat Collective. The three-night event was fully booked within a week of launch, which generated S$548,505 of media coverage and a social media reach of 723,370.
Marketing Singapore to the World

Partnering with Singapore Airlines and Changi Airport Group, STB successfully promoted the Singapore Stopover Holidays to foodies. Over three days at KERB Kings Cross, Hawker Chan hosted 31 media and influencer guests and served nearly 2,000 food portions from pop-up food trucks, which resulted in social media reach of more than 14 million.

In June 2018, Scoot launched its inaugural non-stop flights between Singapore and Berlin. STB collaborated with Scoot over a 9-month period to increase mindshare of Singapore. This comprised a launch event attended by over 100 guests from the media and travel trade, a radio campaign that reached more than 3.5 million listeners and 25,000 views on the website, and a digital campaign that generated 8 million online impressions.

In Moscow, STB organised the first Singapore festival at the Flacon Design Factory in September 2018. Drawing more than 25,000 Muscovites over two days, and generating over S$431,273 in media value, the multi-faceted event featured authentic Singaporean cuisine and cooking master classes, and modern and traditional ethnic Singaporean musical talents.

Singapore continues to be an attractive MICE destination with growing interest from European meeting planners and business event owners. To pursue more of Europe’s BTMICE business, STB undertook the following key initiatives:

1. Cultivated and deepened relationships with event owners and corporates to secure high-value business leads. Some of the notable events secured in 2018 include the Internet Engineering Task Force 2019, the Bureau of International Recycling Convention & Exhibition 2019 and the IFA Crossroads Asia-Pacific Conference 2018.

2. Stepped up our participation in international tradeshows (e.g. IMEX Frankfurt, IBTM Barcelona, M&I Forums, Meetings UK, Association World Congress, European Association Summit, Hannover Messe) and organised familiarisation trips for key MICE stakeholders across Europe.

3. Ramped up on PR and marketing to enhance awareness of Singapore’s value proposition and attractiveness. For instance, STB partnered with key MICE media, C&IT in the UK to not only expand our marketing outreach, but also leveraged C&IT’s network to organise a roundtable networking session with 20 of the UK’s top 50 M&I agents.
India

India remained the number one cruise source market for Singapore, with cruise passenger traffic jumping 27 per cent in 2018. Visitor arrivals from India grew significantly by 13 per cent year-on-year to reach 1.4 million, whilst tourism receipts increased 13 per cent to reach S$1.7 billion. Travel trade partnerships and creative marketing efforts in key metro and secondary cities paid off as visitor arrivals grew strongly at 8 per cent and 12 per cent respectively. Greater flight connectivity to Singapore through new flights originating from cities such as Guwahati, Pune and Vijayawada contributed to this visitor growth.

STB engaged diverse audiences across India through a series of innovative media and artistic talent collaborations. STB was the first tourism organisation in India to partner with popular music channel Vh1 India to produce an English music video ‘Unstoppable’. The India-Singapore talent collaboration featured prominent artistes including Grammy Award-nominated Indian-American artiste Ms. Raja Kumari and popular Singaporean B-Boying crew ‘Radikal Forze’. To connect with South Indian regional audiences, STB collaborated with legendary Indian music-composer maestro, Isainyani Ilaiyaraaja to produce a series of music and thematic destination videos.

STB ran joint marketing promotions with key pan-India and regional travel partners, including Thomas Cook India’s initiative to feature iconic Singapore locations in the longest running family comedy show in India - Tarakh Mehta Ka Oolta Chasma. The seven episodes won more than 7.8 million views on YouTube. Our partnership with Tripoto, one of the fastest-growing global travel communities, also produced India’s first travel web series ‘Trails 2 Passion – Singapore Redefined’ to engage with Indian millennials. The series garnered over 5 million views on YouTube.

STB secured and facilitated several notable incentive travel groups including Voltas Limited, Bharati Cements and Amway India Enterprises (the largest incentive movement to date from India, with about 4,000 participants).

To strengthen Singapore’s appeal as a MICE destination for other Indian corporates, STB organised a MICE Forum in Mumbai for over 120 meetings and incentive travel intermediaries. Participants were engaged in a panel discussion themed “How can the MICE industry leverage technology to better engage with their audience?” STB also collaborated with Travel Biz Monitor, a fortnightly travel trade magazine in India, to put out an advertorial feature and digital marketing content that highlighted unique MICE offerings in Singapore and STB’s MICE incentive schemes. Outreach efforts included pitch sessions with corporates directly and through incentive travel intermediary partners in major cities, like Mumbai, Delhi, Bangalore and Chennai.

1 Direct connections from Pune and Vijayawada have ceased. Pune flights operated by Jet Airways have ceased operations since April 2019 and Vijayawada flights operated by IndiGO have ceased operations since July 2019.
Marketing Singapore to the World

Indonesia continues to be an important source market for Singapore, registering a 2 per cent growth in visitor arrivals and 8 per cent growth in tourism receipts in 2018.

To launch the second wave of Passion Made Possible in Jakarta, STB collaborated with Urban Sneaker Society (USS) and three Singaporean retail partners – Sabotage, Limited Edt and Flesh Imp – to promote Singapore’s streetwear and entertainment scene with an event at the popular Pacific Place Mall, followed by a party at the UNA Bar of Pullman Hotel on the opening night. At the USS event, the original Passion Cube passion tribe analyser was also introduced for attendees to discover their tribe identity through music.

STB became the first National Tourism Organisation to embark on a web campaign partnership in Indonesia by working with Kumparan.com on an online video series titled “Mereka yang hidupkan mimpi” to raise awareness about Singapore’s destination offerings. The three episodes exceeded targets, garnering 463,000 views from Facebook and YouTube.

STB, Northstar Travel Group and the Cruise Lines International Association in Indonesia launched their inaugural partnership at CruiseWorld Indonesia. More than 150 partners, comprising various cruise liner partners and travel agents specialising in cruise selling, attended the one-day conference which also offered comprehensive agent training and cruise line product updates.

Following the 2017 opening of STB’s regional office in Surabaya, STB focused its efforts on expanding our footprint in more cities and new consumer segments. One of the initiatives was STB Surabaya’s collaboration with Zoya, a leading Muslim apparel brand with an online sales platform and 140 retail outlets in Indonesia, to reach regional consumers, particularly millennials.

One of the initiatives was STB Surabaya’s collaboration with Zoya, a leading Muslim apparel brand with an online sales platform and 140 retail outlets in Indonesia, to reach regional consumers, particularly millennials.
Marketing Singapore to the World

Japan
Japan visitor arrivals grew 5 per cent to reach its highest level in five years with nearly 830,000 visitors, whilst tourism receipts jumped 10 per cent. The significant growth was driven by a comprehensive tourism revitalisation strategy that included enhancing flight connectivity and seat capacity from various cities, as well as innovative partnerships with Japanese trade partners.

To further strengthen the Passion Made Possible brand and destination awareness, STB reappointed local celebrity Saitoh Takumi as ‘Singapore Tourism Ambassador’ for Japan for another year and featured him in three brand videos developed for Foodies, Explorers and Culture Shapers. Takumi also starred in Ramen Teh, a movie by Singaporean director Eric Khoo that premiered in Japan on 9 March 2019. The movie showcased prominent Singapore landmarks, and garnered over $2.9 million in media coverage. STB also partnered with Keisuke Ramen to create the bak kut teh ramen for six outlets in Tokyo.

For MICE, STB organised the first Singapore Business Events Networking Seminar to drive business development efforts for exhibitions and conferences, raise awareness of Singapore as the preferred MICE destination hub and increase awareness and build attendance for Singapore flagship events. In October, STB also launched a Japanese language site for visitsingapore.com/MICE to provide localised and up-to-date information for Japanese event planners.

Malaysia
In 2018, visitor arrivals from Malaysia increased by 7 per cent.

STB and Singapore’s National Arts Council (NAC) presented ConneXions: Passion Made Possible, a cultural showcase that took centre stage at the George Town Festival 2018 in Penang, on its closing weekend from 31 August to 2 September 2018. The three-day showcase highlighted the strong ties between the two cities that celebrates creativity, arts and culture, with Singapore as a UNESCO Creative City of Design and George Town, Penang as a UNESCO World Heritage Site.

Some of the event highlights were a mural collaboration between Akid One and SKL0, a Nam Hwa Teochew Opera performance featuring 15-year-old Tan Wei Tian, and a stage performance of Tabitha Nauser with Yung Raja at China House, Penang. The Singapore Designers’ Showcase at Art Lane saw some nine Singaporean designers and five Singaporean labels showcase their products for sale or display, such as YeoMama Batik and EDEN + ELIE. There was also a Malaysia-Singapore menu collaboration featuring Chef Damian D’Silva from Folklore Singapore and Chef Zainal, China House, complemented with special drinks mixed by Matthew Chan of Nouri’s Singapore.

STB partnered with the prestigious UNRESERVED magazine to target affluent Malaysians through a year-end campaign showcasing Singapore’s shopping and Christmas celebrations. A 10-page Christmas Guide was published in the magazine’s December issue, featuring luxury collector and foodie experiences. The guide was repurposed for online and social media, reaching more than 23,000 over a 3-month period.

The Philippines

Visitor arrivals from the Philippines grew 6 per cent in 2018.

Tapping on the nation’s love for music and singing, the three-day SINGapore Karaoke event attracted more than 5,000 visitors and 280 participants who sang to win a free trip to Singapore. Visitors were treated to daily performances by Filipino singers and celebrities, including UDD, who performed their Singapore-inspired original composition ‘All the good things’. The event achieved a reach of over 4.1 million.

To reach the Socialisers, STB organised Singapore Nights to showcase the best of Singapore’s music and nightlife. Three of Asia’s 50 Best Bars in Singapore – Manhattan, Native, and Nutmeg & Clove – performed a bar takeover at Manila’s top bar, Curator. The three-night event, which saw artists from both countries share the stage, played to a full house of over 300 attendees. The event was oversubscribed by nearly 50 per cent, whilst campaign posts on STB Philippines’ Facebook page reached more than 2.6 million people.

South Korea

In 2018, South Korean visitor arrivals held constant from 2017.

In October 2018, STB partnered with luxury beauty brand HERA to commemorate the opening of HERA’s first Southeast Asia flagship store in Singapore. The collaboration with Seoul-based fashion designers, Blindness, resulted in the limited edition 2018 Holiday Collection, comprising a Singapore-inspired eco-bag and gift box, featuring the Merlion and ‘duality’ theme to showcase Singapore’s contrasting destination offerings. The collection was launched at HERA Seoul Fashion Week and an event at the National Gallery in Singapore which was attended by over 100 social media influencers, media and key clients.

South Korea

In October 2018, STB partnered with luxury beauty brand HERA to commemorate the opening of HERA’s first Southeast Asia flagship store in Singapore.

STB also signed a Memorandum of Cooperation (MoC) with the Busan Metropolitan City government to enhance tourism collaboration and promote stronger tourism traffic between Singapore and Busan.

To raise awareness of Singapore as the preferred business events destination for event planners in Seoul, STB Korea organised a ‘MICE Travel Talk Show’ with celebrity ‘Kim Su-ro’ in July. The activity drove business development work for our M&B portfolio and generated leads rate for corporate travel. To capture the demand of M&E business in the pharmaceutical sector in Korea, STB Korea also engaged the Pharmaceutical Association in Korea and co-organised a networking session for their members in November 2018.
Marketing Singapore to the World

Thailand
Visitor arrivals from Thailand grew by 3 per cent in 2018.

STB worked with well-known Thai social media influencers hip-hop artist ‘Way’ Intachai and his wife, well-known celebrity and car racer ‘Nana’ Rybena, on an initial two-week ‘teaser’ campaign to connect with Socialisers and Action Seekers. This was followed by a familiarisation trip to Singapore for the extended Intachai family and close friends, along with another 10 hosted media and social influencers, to experience Grand Prix Season Singapore.

A one-year collaboration with Wongnai, Thailand’s top food review media with 8 million active users, enabled STB to engage with Foodies in Thailand. A food review trip to Singapore for popular Wongnai duo, Nai Hoi Chuan Chim, resulted in a two-minute video ‘Local Dishes, Local Recommends - Must Try in Singapore’, which drew 1.7 million views, 81,000 Facebook engagements and 393,000 YouTube views. Singapore restaurant reviews jumped 133 per cent.

To ignite interest amongst the Culture Shapers in Thailand, STB Thailand organised an arts and culture showcase named ‘The Unknown World’ Art Exhibition which included the Atypical Singapore Art Exhibition and a collaborative mural between well-known Singapore (Samantha Lo a.k.a SKL0) and Thai (Rukkit Kuanhawate) artists, right in the heart of Bangkok at the Bangkok Art and Culture Centre.

To drive BTMICE travellers to Singapore, STB worked with business titles such as ‘The Matter’ and ‘The Standard’ to feature Thai companies who were inspired by Singapore’s success story. STB also secured corporate incentive groups for important Thai corporates such as Cafe Amazon, the VIPs group from Michelin Siam Co., Ltd., Goldenland PCL, and Giffarine Skyline Unity Co., Ltd.
United States

Visitor arrivals jumped by 14 per cent in 2018, driven by positive economic conditions and increased air connectivity from USA to Singapore.

STB partnered with Warner Bros. to leverage the Crazy Rich Asians film release to promote Singapore in a series of multi-channel marketing events and activities. One of the highlights was the Crazy Rich Singapore Week in LA, which featured Singapore personalities showcasing interactive and sensory experiences through Singapore food, cocktails, art and music. In a series of Crazy Rich Experiences videos, three of the film’s Singaporean cast shared stories behind the locations and cultures featured in the movie. Media partnerships with outlets WhoWhatWear, MyDomaine and YouTube also created custom content and amplified video content produced by STB and Warner Bros.

Through a partnership with top US reality TV show The Bachelor, Singapore was featured as the first international destination in the show’s 23rd season. Aired on US network ABC, the two-hour Singapore episode showcased Singapore’s destination offerings, generating over 272 million impressions from earned media coverage on Singapore.

STB forged important new partnerships to further entrench our product and branding into far and wide reaching platforms. STB partnered Travel Leaders Group (TLG), the largest agency franchisor, consortia and host agency in North America. In addition to advertising on TLG’s B2B and B2C publications, the partnership also gave STB access to the travel agents from the group’s premium agencies - ProTravel and Tzell - and their corporate and leisure customer bases.

STB also embarked on an integrated marketing partnership with United Airlines (UA) and Changi Airport Group. This campaign spanned high-impact digital and social media platforms, as well as captive in-flight and in-airport media channels, and was the first we had embarked on with UA on this scale.

STB continued working with key meeting partners including the American Society of Association Executives (ASAE), PCMA, Maritz/Experient and Helmsbriscoe to reach meeting planners. STB also collaborated with EDB and MAS on a seminar to shed light on Singapore’s medical and financial sectors as a way of further engaging with executives from ASAE.

STB also undertook a three-month campaign with Northstar Meetings Group which saw the creation of a Singapore Destination Guide on Northstar’s new online platform for meeting planners. The campaign received over 360,000 impressions during this period.
Marketing Singapore to the World

Vietnam

In 2018, arrivals from Vietnam grew 11 per cent whilst tourism receipts increased 5 per cent.

STB, in collaboration with ZOUK Singapore, Tippling Club Singapore and the popular new rooftop bar in Ho Chi Minh City SkyXX Garden & Lounge, officially launched the Socialiser Tribe as part of the second wave of the Passion Made Possible campaign in Vietnam. A new music video embodying the Socialiser spirit “Đi đi chần chờ chi” – the result of a collaboration between famous Vietnamese singer/music producer Only C and Singaporean rapper ShiGGa Shay – gained 12.6 million views on social media, and topped Vietnam's top music streaming platform Zing’s daily chart. STB also partnered with SIA, Scoot and Vietravel to push out relevant travel deals.

Singapore continues to be an important Meetings and Incentives (M&I) destination for the Vietnam market. In FY18/19, STB focused on ramping up efforts to reach the M&I decision-makers, contributing tourism spending of almost S$3 million for the year.

STB also organised a number of corporate familiarisation trips involving 45 corporates from Ho Chi Minh and Hanoi. The itineraries offered a deeper insight into Singapore’s history and culture, and a variety of experiences ranging from Peranakan history and food, and Singapore nightlife. Site inspections incorporated unique event and meeting venues in Singapore. STB also provided more information on our M&I support schemes (Beis, INSPIRE, STARS). This resulted in a securing of a number of incentive groups from Vietnamese corporates.

**Myanmar**
The Singapore Festival 2018 was held at the upper block of Bogalay Zay Street, a 250-metre stretch of major thoroughfare in downtown Yangon. The street was pedestrianised for three days for the festival, which drew 120,000 visitors. A cornerstone of the Festival was the design and co-creation of community installations and street landscaping with the resident community, both to spruce up the street before the event, as well as to leave behind a tangible, usable exemplification of Passions and Possibilities.

**South Africa**
STB, together with six other partners, held a series of roadshows across Johannesburg, Cape Town and Durban, updating 250 travel agents on Singapore’s latest offerings in Leisure, MICE and Cruise.

**Cambodia**
STB partnered with the Cambodian Broadcasting Services (CBS) to create and film a 16 x 3-minute episode travelogue series titled “Kompul Neak Tesachar” (The Best Traveller), which featured a range of Singapore products and travel tips. The show was hosted by local YouTube star ZK Frost.

**Bangladesh**
STB conducted a product update seminar and a corporate networking dinner in Dhaka in late November 2018. 15 Singapore stakeholders attended both events, and had the opportunity to engage over 20 travel agents and 15 corporates from Bangladesh. STB also partnered with Singapore Airlines for corporate familiarisation trips for their key MICE stakeholders in September 2018.
BUILDING INDUSTRY COMPETITIVENESS

To enhance industry innovation and competitiveness, STB rolled out a number of initiatives in 2018 to transform tourism businesses, support skills upgrading and cultivate a pro-business environment.

TRANSFORMING TOURISM BUSINESSES

Raising the Bar Through Smart Tourism Services

To help industry embrace technological disruption and deliver memorable customer experiences, STB has invested and developed a suite of smart tourism services that are available for industry use. These services raise the bar for the industry in the use of advanced data analytics to drive better visitor experiences, and include a recommendation engine, an itinerary planner and enhanced way-finding tools. They can be accessed via Application Programming Interfaces (APIs) from the Tourism Information and Services Hub (TIH), and used to power the industry’s visitor facing channels.

Data Trust Charter

STB developed and announced a Data Trust Charter to assure stakeholders who share their data with us, that their data, both business and personal, would be protected and used responsibly.

Crowdsourcing for solutions through Tourism Innovation Challenges

Expanding from the Hotels and Travel Agents Innovation Challenges in 2017, STB introduced Innovation Challenges to the MICE and Attractions industries to help tackle common and longstanding industry challenges and drive competitiveness. More than 80 proposals have been received and more than 40 solutions were piloted for the tourism sector across the 4 industries.

- STB launched the first MICE Innovation Challenge on 7 September 2018, in partnership with the Singapore Association of Conference and Exhibition Organisers and Suppliers (SACEOS). More than 80 MICE stakeholders were engaged in identifying seven priority issues that the industry faces. The Call-for-Proposal resulted in a shortlist of 27 solutions, of which six proposals were selected for prototyping. Development of the prototypes started in April 2019.

- The Innovation Challenge for Attractions launched on 14 January 2019 aims to foster technology adoption and enable the attractions industry to stay ahead of competition and continue capturing mindshare of the increasingly discerning visitor. 12 attractions identified seven challenge statements and become partners to trial and pilot proposed solutions. A total of 26 solutions were shortlisted for pitching at the Industry Matchmaking Day, and six were shortlisted for prototype development.

Smart Hotel Initiatives

- To encourage technology adoption and innovation by hotels, STB and the Hotel Innovation Committee (HIC) launched the Smart Hotel Guide to help hotels identify and explore next-generation system capabilities and technological solutions suited to each organisation’s needs.

The Smart Hotel Technology Guide 2018 identifies relevant front-of-house operations technology for hotels to realise the vision of a smart hotel. The guide also included case studies of organisations that have successfully implemented innovative solutions. Six hotel groups - Frasers Hospitality, Mandarin Oriental, Millennium and Copthorne Group, Hotel Bencoolen, Pan Pacific Hotel Group and Marina Bay Sands - have committed to adopting the Smart Hotel Guide in their development journey.

The Hotel Technology Directory is a first of its kind private sector collaboration to make available an online resource of local and overseas vendors offering technology solutions for Singapore hotel businesses. More than 70 local and foreign solution vendors were included in the online directory, providing hotels with a one-stop portal to kick-start their transformation journey.

- The guide and the directory were developed following feedback from focus group discussions and interviews with industry stakeholders representing more than 40 international hotels, local chains and boutique hotels.

- In April, the HIC organised a Hotel Innovation Pitch for technology vendors and research institutions to provide sourcing solutions for critical pain points in the housekeeping and food and beverage (F&B) departments, to render these jobs less onerous for hotel employees. The seven shortlisted proposals offered wide-ranging solutions, from robots for banquet set-up to assistive devices for bed-making, which are now ready to be developed and piloted in hotels.

- A Hotel Innovation Case Study Video Series was also launched to share best tech practices adopted by other hotels.
In the past year, we have:

- Implemented staff programmes such as regular “phishing” exercises, publication of security related articles, regular briefings on IT and data security, office walk-abouts to check on security compliance, etc.
- Created a Cybersecurity Pillar directly managed by the Chief Technology Officer to better coordinate and provide senior management guidance on cybersecurity issues.
- Instituted a “shift left” framework to integrate security testing of systems earlier and more frequently in the development process through a security-by-design philosophy.
- Strengthened STB’s IT Security Incident Plan for quicker response and management of security related articles, regular briefings on IT and data security, office walk-abouts to check on security compliance, etc.
- Strengthened STB’s IT Security Incident Plan for quicker response and management of cyber threats and incidents.
- Open Hotels Weekend. The second edition in August 2018 involved 22 hotels offering 75 behind-the-scenes career tours. About 1,250 unique participants registered for the tours, a 60 per cent increase from 2017. The third edition in March 2019 saw a near two-fold increase in interest from hotels – 37 hotels took part, attracting about 1,200 unique participants for the career tours and job interviews.

Highlights include:

- 100 Ambassadors of Happiness. The campaign features 100 passionate and outstanding hotel employees from different job functions to inspire more locals to join the industry. Seven special series, from a General Manager to an International Women’s Day series, were also produced with different content partners to showcase the career progressions in the industry.
- Celebrity Hotel Challenge Video. In this STB-Pan Pacific Hotel partnership, Singapore celebrity Michelle Chong went undercover as a demanding hotel guest and tested the mettle of unsuspecting hotel staff. Conceptualised to showcase the passion and professionalism of hotel employees, the video reached a total of 3.8 million people by the end of 2018, and drew positive public response.
- STB’s Business Improvement Fund supported innovative technology projects by 44 hotels and 55 travel agents – such as self-check-in counters, data analytics, robotics solutions, and business re-modelling – to boost productivity and competitiveness.

GROWING TALENT POOL AND HONING SKILLS

Hotel Careers Campaign

2018 marked the second year of the Hotel Careers Campaign, a three-year joint initiative launched in July 2017 together with the Singapore Hotel Association, Food, Drinks and Allied Workers Union, and the hotel industry to inspire Singaporeans to join the hotel industry. Key highlights include:

- As part of the Travel Agent Roadmap launched by STB and the National Association of Travel Agents Singapore (NATAS) in 2016, STB and NATAS unveiled new and updated initiatives to boost travel agent industry capabilities. These include a Travel Talent Transformation Programme to improve HR practices and attract and retain workers, a one-stop NATAS Resource Centre that supports business transformation projects, and an updated Business Transformation Through-Train Programme to guide the implementation of new business models.
- STB launched the Singapore City Tour Playbook and Passion Made Possible Professional Development Course to help improve storytelling capabilities for travel agents and tourist guides.
- STB worked with SkillsFuture Singapore, Workforce Singapore (WSG), industry associations and training providers to jointly develop the Skills Framework for Tourism. This one-stop portal provides information such as sector trends, career pathways, occupations and job roles, existing and emerging skills, and training programmes. The initiative aims to attract and retain talent, help individuals manage their careers and skills development, and guide employers and training providers in identifying and designing relevant training programmes to achieve desired job roles.
- In 2018, 70 study awards were given out to applicants representing tourism sectors such as hotels, MICE, attractions, travel agents and tourist guides to upskill their professional capabilities.

RAISING INDUSTRY MARKETING CAPABILITIES

STB Marketing College

• Launched at the STB Marketing Conference 2018, the learning and development programme tailored for marketing professionals in the travel industry is gaining traction. Its interactive online learning platform, STB Learning Portal, opened to industry partners in May 2018, offering six modules of marketing concepts, case studies and tools for ‘always-on’ learning.

• In January 2019, some 450 STB staff and industry partners attended the second edition of the STB Marketing Conference. Four plenary sessions and three breakout sessions provided insights from industry thought leaders and experts around the theme of Decoding the Evolving Consumer.

CULTIVATING A PRO-BUSINESS ENVIRONMENT

Amendments to the Travel Agents Act and Travel Agents Regulations

The industry welcomed two key regulatory amendments that enhances consumer protection and strengthens the regulatory framework to ensure industry sustainability:

• Travel agents who conduct local tours that do not include accommodation can now apply for a new ‘niche travel agent licence’ with a lower paid-up capital and net worth requirement. This new tiered licensing scheme lowers entry barriers to build a more vibrant local tour scene.

• A travel agent licence is no longer required to offer local tours without passenger-carrying conveyance. This deregulation has encouraged several tourist guides to introduce more innovative offerings for locals and visitors.
ENHANCING DESTINATION ATTRACTIVENESS
A vibrant and diverse calendar of business and leisure events enhances Singapore’s attractiveness as a lifestyle destination, so STB continually seeks to attract top-notch international events to Singapore while enhancing existing events.

MAINTAINING SINGAPORE’S EDGE IN BTMICE
Singapore was ranked the Top Asia-Pacific Meeting City by the International Congress and Convention Association (ICCA) rankings in 2017 for 16 consecutive years and was also named the Top International Meeting City by the Union of International Associations (UIA) rankings 2017 for 10 years. In addition, Singapore was also named Top Asia-Pacific Destination for the second consecutive year in Cvent’s rankings of Top Meeting Destinations in Asia-Pacific for 2017.

In partnership with the events and conference organisers, STB undertook business development efforts throughout 2018 to drive quality business leads. This included having a prominent presence at the major international MICE tradeshows and events such as IMEX Frankfurt, IMEX Vegas, IBTM Barcelona as well as association-specific platforms like the ICCA Congress and UIA Roundtable. STB has also led business development efforts through mega-familiarisation trips for international meeting planners and corporate clients and organised roadshows in our key markets.

In 2018, some of the prominent events hosted by Singapore include:

- **Intel® Partner Connect (April).** The Intel Partner Connect 2018 in Singapore saw more than 1,000 Intel® Partner Providers connect and engage on the latest technologies, market trends and product innovations.

- **Herbalife Southeast Asia Extravaganza 2018 (May).** An annual education and training event for the Southeast Asia member community, the 3-day event brought together more than 10,000 independent members from 14 countries in Asia Pacific region.

- **Medical Fair Asia & Medical Manufacturing Asia 2018 (August).** Now in its 12th edition in Singapore, this biennial tradeshow attracted over 800 exhibitors from 62 countries, and 15,000 participants. The event showcased innovative medical technologies, healthcare seminars and workshops, and dedicated pavilions for Community Care and Start-Ups. It served as a valuable regional sourcing and knowledge platform for leading global and regional healthcare manufacturers, suppliers, distributors, and trade professionals.

- **43rd World Small Animal Veterinary Association Congress (September).** The 2018 world congress saw close to 3,000 attendees from the global community of companion animal practitioners gather in Singapore, to share the latest practices in veterinary medicine for small animals.

- **Women’s Forum Singapore 2018 (September).** The inaugural edition in Asia gathered over 800 delegates and 100 speakers from various industry sectors across ASEAN, Europe, China, India and served as a platform to foster women’s leadership for social and economic progress around the world.

- **Industrial Transformation Asia-Pacific – a Hannover Messe event (October).** This is the world’s leading manufacturing-related trade exhibition and conference. The Singapore event was its first event outside Germany and welcomed over 15,000 attendees from 55 countries. Besides providing business opportunities for Singapore companies, the event also reinforced Singapore’s reputation as a hub for high-value manufacturing with world-class engineering and innovation capabilities.

- **28th World Congress on Ultrasound in Obstetrics and Gynaecology (October).** This five-day world congress is the main annual scientific meeting for clinicians around the world who use or research ultrasound in this field. The Singapore edition achieved a double record in its history – a turnout of more than 2,400 delegates and the highest overall satisfaction scores from attendees.

- **Singapore FinTech Festival 2018 (November).** A home-grown event, the Singapore FinTech Festival has positioned Singapore as a thought-leader in this fast-growing sector. The 2018 edition drew close to 45,000 participants from almost 130 countries, and is the world’s biggest gathering of global fintech industry professionals.

- **Bloomberg New Economy Forum (November).** More than 400 prominent leaders and global CEOs came together in Singapore to discuss challenging world issues such as globalisation, trade, technology, and climate change. High profile speakers included Michael R. Bloomberg, former mayor of New York City; Wang Qishan, Vice President of People’s Republic of China; Lee Kai-Fu, Founder, Chairman & Chief Executive Officer of Sinovation Ventures; Christine Lagarde, then-Managing Director of the International Monetary Fund; and Dr. Henry A. Kissinger.

- **Amway India, Annual Leadership Summit 2018 (December).** Amway India organised a special programme for Amway Business Owners and their families as part of the organisation’s 20th anniversary celebrations. This is one of the largest incentive groups that Singapore has hosted from India, with attendance by more than 3,000 delegates over five days.
In 2018, STB also secured several business events for 2019 and beyond, including:

- On the Professional Services front, the Baker Tilly International Global Tax Conference 2019 & Baker Tilly International World Conference 2019, as well as the Kaspersky Security Analyst Summit 2019. Together with other business events in the cluster, these international corporate conferences events are expected to draw close to 10,500 foreign delegates to Singapore.

- In the Technology sector, Oracle OpenWorld Asia 2019 and the SAP Field Kick-Off Meeting (2020 and 2021). Close to 6,000 international delegates are expected for the secured business events in the Technology sector.

- For the F&B cluster, the Southeast Asia Café Expo, Equip&Dine Asia 2019 and the Global Restaurant Leadership Conference 2019. Food&HotelAsia (FHA), Asia’s largest and most comprehensive international trade and networking event for the food and hospitality industry, will expand their show into two dedicated events: FHA-HoReCa and FHA-F&B, in March/early April 2020. This is expected to bring in over 45,000 international delegates to network, trade and share best practices.

- On the applied health sciences and innovation front, Singapore will welcome the International Team for Implantology (ITI) World Symposium 2020, the 11th International Agency for the Prevention of Blindness (IAPB) General Assembly 2020 and the International Conference on Medical Imaging Computing and Computer-Assisted Intervention 2022 (MICCAI) in coming years. These events will see over 7,000 international delegates gather to exchange knowledge, share expertise and advance their societies’ development and causes in Singapore.

Other Initiatives

- Asia-Pacific Executive Development Programme. A Memorandum of Understanding (MoU) to develop a joint Asia-Pacific Executive Development Programme (AEDP) was signed at the Singapore MICE Forum (SMF) 2018 between the Singapore Association of Conventions & Exhibition Organisers & Suppliers (SACEOS) and UFI, the Global Association of the Exhibition Industry. The initiative, facilitated by STB, is intended to enhance the skills of exhibition professionals in Singapore and the region.

ANCHORING BRANDED EVENTS

Sports

To appeal to sports fans in Singapore and from around the world, Singapore continued to invest in major international sporting events, including:

• **FORMULA 1 SINGAPORE GRAND PRIX.**
  Singapore hosted the 11th edition of the FORMULA 1 SINGAPORE AIRLINES SINGAPORE GRAND PRIX 2018 at the Marina Bay Street Circuit from 14 to 16 September 2018. Mercedes driver Lewis Hamilton cruised to victory from pole position for his fourth career win in Singapore. A total of 263,000 spectators attended the three-day race in 2018 – the second highest since the inaugural race in 2008. Tourists accounted for over 40 per cent of ticket holders, with the bulk coming from the United Kingdom, Australia, Indonesia, Japan and China.

• **International Champions Cup Singapore.**
  The only ICC stop in Asia saw football giants Paris Saint-Germain (PSG), Arsenal and Atletico Madrid kick-off their pre-season preparations in Singapore. The PSG and Arsenal tie in July 2018 attracted the highest attendance ever at an ICC Singapore match with 50,308 spectators.

• **BNP Paribas WTA Finals Singapore.**
  Singapore capped off its five-year run by hosting a record number of more than 168,000 fans at the final edition of this top women’s tennis series. Ukraine’s Elina Svitolina came back from a set down to beat American Sloane Stephens and lift the biggest title of her career, while 2018 Australian Open champions Timea Babos and Kristina Mladenovic claimed the doubles title. As part of the lifestyle offerings alongside the WTA Finals, Wakin Chau kick-started the first weekend of the WTA Finals and multiple Grammy award-winning artiste Jason Mraz entertained the crowd on the final weekend. Over the five years that Singapore hosted the WTA Finals, more than 630,000 fans have attended the annual 10-day event.

• **HSBC Singapore Rugby Sevens 2018.**
  The two-day event attracted over 55,000 spectators. Fiji won its first HSBC Singapore Rugby Sevens title with a thrilling win over Australia. In-stadium performances included the evergreen American disco outfit Village People and popular local acts Jive Talkin’, Jack and Rai, Too Much Drama and Sambarnasala.

• **HSBC Women’s World Championship 2019.**
  HSBC Women’s World Championship (HHWC) 2019 saw a total attendance of 32,000 across four days, as the world’s top female golfers battled it out for the title. South Korean Sung-Hyun Park won by two shots to take home her sixth LPGA title. The event had an enhanced Spectator Village, which included new layout and activations that encouraged experiential engagement between sponsors and visitors.

• **Ultimate Fighting Championship (UFC) Fight Night Singapore 2018.**
  UFC Fight Night Singapore saw the emergence of one of the best welterweight fights in all of mixed martial arts, headlined by Cowboy Cerrone and Leon Edwards. Over 6,400 fans were treated to a feast of world-class MMA action with 12 bouts at the Singapore Indoor Stadium. The event also showcased the city of Singapore as a unique tourist destination through UFC’s marketing and branding, and promotional athlete appearances at prominent locations.
Food & Beverage
To raise Singapore’s profile as a leading gastronomic and mixology capital, STB secured strategic partnerships that support industry growth and development.

- World’s 50 Best. STB’s ground-breaking three-year partnership with William Reed Business Media (WRBM) marked the first time WRBM inked a multi-year agreement with a national tourism organisation, bringing five 50 “Best” events to Singapore. The partnership kicked off with The World’s 50 Best Restaurants awards at Marina Bay Sands in June 2019, the first time the awards platform was hosted in Asia. Singapore will continue to anchor four other 50 Best events: The World’s 50 Best Bars awards in 2021, which will see Singapore become the first award host city outside of its original home of London, Asia’s 50 Best Bars in 2019 & 2020 (following the inaugural edition in 2018), and the #50BestTalks thought-leadership event (2020), which will feature top international industry speakers.

- The World Restaurant Awards. As Official Culinary Destination Partner of The World Restaurant Awards – a progressive new annual award platform created by IMG, in partnership with London-based restaurant journalist Joe Warwick and Italian food writer Andrea Petrini – Singapore was placed in the global spotlight at the inaugural edition held in Paris in February 2019. Unique creations were showcased through a menu that presented the best of Singapore’s flavours. Learning and development opportunities for Singapore’s culinary talents will also be available through “The World Restaurant Awards Talent Exchange Programme”, launched jointly by STB and IMG. This first-of-its-kind programme will be conducted via an “exchange programme” format, where emerging chefs from Singapore will be attached to The World Restaurant Awards-winning or nominated establishments, and vice versa.

Entertainment

• C3 Anime Festival Asia (AFA) Singapore 2018. AFA celebrated its 10th year anniversary with special programme highlights such as a celebrity red carpet programme, a special exhibition showcasing the 10 years of AFA and an “Anime for a Cause” charity initiative. The event is South East Asia’s biggest and most prestigious Japanese pop culture event and attracted 105,000 visitors – 9 per cent more than the previous year – making 2018 its best performance since its 2008 debut. In terms of unique foreign visitorship, C3AFA drew 15,200 visitors, a 27 per cent increase from 2017.

• Marvel Studios: Ten Years of Heroes. This special exhibition was held at ArtScience Museum to celebrate the 10th anniversary of the Marvel Cinematic Universe. Locals and visitors experienced cutting-edge AV technology and highly-immersive media at this spectacular exhibition. The event attracted 213,400 visitors, of which 53 per cent were foreign visitors.

• Sentosa Sandsation: MARVEL Edition. Held from 1 - 16 September 2018, Southeast Asia’s biggest sand festival received a boost with the never-before-seen Marvel edition, featuring 15 larger-than-life sand sculptures of iconic Marvel characters such as Iron Man and Thor, sand-sculpting workshops and the Marvel-themed Sentosa International Sand Sculpting Championship. The event saw a 32 per cent year-on-year growth in total attendance, from 105,100 in 2017 to 138,800 in 2018.

• TOYBOX Powered by Hasbro. Supported by STB’s Kickstart Fund, Hasbro’s first ever multi-brand live carnival in Asia was held in Sentosa. The inaugural event took place from 1 to 17 February 2019 and featured seven popular Hasbro brands including Transformers, My Little Pony, NERF, Monopoly, Cluedo, Baby Alive and Play-Doh. The event drew 36,000 visitors.
STB supported a wide variety of local and international arts and entertainment experiences.

**Arts**

- **Minimalism: Space. Light. Object.** Singapore’s two leading cultural institutions, National Gallery Singapore and ArtScience Museum, collaborated for the first time to present the region’s first exhibition on Minimalism. Over 130 works were presented across the two sites to explore the history and legacy of this ground-breaking art movement.

- **Lucy Liu and Shubigi Rao: Unhomed Belongings.** Co-presented by the National Museum of Singapore and The Ryan Foundation, Unhomed Belongings showcased artworks by American actress Lucy Liu and Singaporean artist Shubigi Rao. The two “visual penfriends” had never met in person prior to the exhibition but shared similar themes in their works.

- **STB-Frieze Partnership.** STB partnered with leading art fair brand Frieze to present a three-part series of thought leadership events in Singapore and overseas. To kick off the series, a private panel discussion was held during Frieze Week in London in October 2018. A public talk for over 150 art enthusiasts and industry representatives then took place at the National Gallery Singapore during Singapore Art Week in January 2019.

- **Singapore Food Festival (SFF).** SFF celebrated its 25th anniversary by staying true to its roots of showcasing Singapore’s multi-cultural heritage local fare. Themed “Savour Singapore in Every Bite”, the SFF drew locals and foreign visitors with a sumptuous showcase of over 20 local gastronomic experiences, featuring inventive yet familiar flavours. A specially-curated line-up of SFF partner events held over three weekends included craft workshops, cooking demos and masterclasses, and sale of local food-related souvenirs. The two-day long outdoor event, STREAT, returned for its 4th edition at a bigger venue at Empress Lawn, featuring a dedicated bar by Manhattan, the top bar in Asia’s 50 Best Bars 2018, limited-edition locally-produced SFF-branded beers and drinks, and collaborations with Michelin-starred restaurant chefs.

**Entertainment**

- **Marina Bay Singapore Countdown.** The annual event drew an estimated crowd of nearly half a million. Highlights at the event included hourly fireworks displays, complemented by light projections on various Marina Bay landmarks, and activity zones spread out across the Marina Bay area and Civic District. Star Island Singapore Countdown Edition, a multi-sensory fireworks musical, was held outside Japan for the first time and Mediacorp’s Let’s Celebrate 2019 countdown concert at The Promontory, was made free to the public for the first time. The event secured at least S$23 million in publicity value, an increase of 21 per cent over its last edition.

- **Culture Cartel 2018.** Held over two days in December 2018, this first-of-its-kind street culture convention in Asia presented a unique showcase of street art, graffiti, streetwear and toys featuring entertainment and activations by more than 60 artists and 100 exhibitors from urban brands across the world.

- **PVP Esports Championship.** This championship is a new multi-game title and multi-platform regional esports league set up by SingTel in collaboration with their associates and industry partners. STB supported the finals of the event held in Singapore with the aim of test-bedding regional demand for esports events. The inaugural edition drew about 1,000 unique foreign visitors and secured the participation of top international game DOTA 2. The event also attracted a total unique online viewership of 13.4 million.
REFRESHING DESTINATION EXPERIENCES

Beyond events, STB and our tourism partners collaborated to enhance Singapore’s lifestyle experiences, products and services.

• Rejuvenating Orchard Road. To stay ahead of increasing competition from other cities and rapidly changing retail trends, STB, together with the Urban Redevelopment Authority (URA) and National Parks Board (NParks), announced plans to transform Orchard Road into an "exceptional experience beyond retail" for local and international visitors.

The sub-precincts around Orchard Road will showcase their unique identities by offering visitors differentiated experiences, such as innovative retail concepts, attractions, entertainment and events. ‘Bring Back the Orchard’ will distinguish Orchard Road from other international shopping streets by drawing back to its roots and international reputation as a “City in a Garden” to offer visitors a vibrant green urban corridor that will connect the historical green spaces of Singapore Botanic Gardens and Fort Canning Park.

• Launch of Design Orchard. Opened in January 2019, Design Orchard – a joint project by STB, JTC Corporation and Enterprise Singapore – aims to groom new and emerging talents in the lifestyle and fashion sectors. Located at the junction of Orchard Road and Cairnhill Road, the 2.5-storey building features a 850 sqm retail showcase, run by homegrown retailer Naiise; an incubation space, operated by the Textile and Fashion Federation Singapore and housing co-working areas and professional sewing equipment; and a rooftop amphitheatre and events space.

In support of the Government’s ongoing efforts to transform Orchard Road into a lifestyle destination, Design Orchard is the go-to spot for locals and tourists shopping for “uniquely Singapore” items. Design Orchard houses over 60 labels across categories such as fashion apparel, food, souvenirs and small home furnishings. The brand founders and designers will also find opportunities for mentorship, collaboration and networking with industry players.

• Floating Donut. Officially launched in November 2018, the Floating Donut provides a dining experience in an outdoor yet intimate setting and augments the existing ‘dining on water’ options in the market, such as river cruises. The environmentally-friendly, donut-shaped flotation device can hold up to eight diners comfortably, with an additional licensed captain on board to navigate the boat. In collaboration with Tokidoki, the vessels are wrapped with Tokidoki-themed motifs and images. A first of its kind in Singapore, it appeals to both MICE groups and leisure travellers, and is expected to contribute to the vibrancy of the Marina Bay precinct. STB supported the project with the Kickstart Fund, a seed funding that supports the creation and test-bedding of innovative lifestyle concepts with strong tourism potential and scalability.

• New Hotels. The hotel scene continued to add more choices for tourists, business travellers and staycationers. Among the new hotels that opened in 2018 were The Great Madras, Six Senses Duxton, The Capitol Kempinski Hotel Singapore and Six Senses Maxwell.

Six Senses Maxwell is housed in a block of heritage shop houses beautifully restored with interiors by French designer Jacques Garcia. Together with Six Senses Duxton, they are the brand’s first city hotels globally, bringing the sustainable and wellness hotel stay experience to Singapore visitors first-hand. Experiences include the first city Earth Lab, where the hotel showcases their sustainability efforts to reduce consumption, produce locally, and support communities and ecosystems, as well as engaging guests through their Alchemy bar and workshops on unique concoctions and aromatherapy blends.

The Capitol Kempinski Hotel Singapore was finally reopened following the restoration by acclaimed Pritzker Architecture Prize winner Richard Meier, bringing out the best of the neoclassical-style Capitol Building (1930) and the Venetian Renaissance-style Stamford House (1940). The first Kempinski hotel in Singapore, the hotel also offers new dining experiences including 15 Stamford by Alvin Leung by renowned three-Michelin-starred chef Alvin Leung and more.
Behind the scenes, STB joined forces with our regional counterparts as part of ongoing efforts among the Southeast Asian destinations to boost tourism in the region.

- **First-of-its-kind Singapore Port Operations Forum.** In September 2018, STB organised the inaugural event that brought together more than 75 stakeholders to discuss ways to enhance Singapore’s cruise operating environment. Cruise lines, ship agents, terminal operators, ground handlers and Singapore government agencies discussed matters including immigration, crisis management, customs, berthing, shore excursions and fly-cruise services.

- **Biennial Singapore-Vietnam Tourism Cooperation (S-VTC) Meeting.** In May 2018, STB hosted the 15th S-VTC meeting, which discussed tourism market development, manpower training, opportunities for tourism investments and cruise development, and a review of areas of cooperation arising from ASEAN Tourism Forum 2017. Held biennially since 1994, the next S-VTC Meeting will be hosted by Vietnam in 2020.

- **MoU between STB and Chongqing Municipal Commission of Tourism Development (CQMCT).** The three-year Tourism MOU was signed in August to strengthen capability building and increase visitor numbers. The parties committed to sharing best practices, deepening travel trade industry exchange, and increasing air connectivity between the two cities. China and the city of Chongqing have been and will continue to be an important source of visitors to Singapore.

- **First-of-its-kind Singapore Port Operations Forum.** In September 2018, STB organised the inaugural event that brought together more than 75 stakeholders to discuss ways to enhance Singapore’s cruise operating environment. Cruise lines, ship agents, terminal operators, ground handlers and Singapore government agencies discussed matters including immigration, crisis management, customs, berthing, shore excursions and fly-cruise services.

- **Advanced collaboration efforts with ASEAN.** Set up in 2017, the Singapore-Indonesia Bilateral Cruise Inter-Agency Taskforce organised explorations to new destinations in Balikpapan, Banyuwangi, Belitung and Surabaya for the cruise lines. New cruise itineraries between the two countries were established, for example Dream Cruises’ *Genting Dream* now sails from Singapore to Bintan, Celukan Bawang (Bali) and Surabaya.

- **Notable Maiden Calls.** 2018 saw maiden calls from ships such as *Mein Schiff 3* (TUI Cruises), *Norwegian Jewel* (Norwegian Cruise Line) and *Silver Muse* (Silversea Cruises).

- **China-Ready Tourism Training Seminar.** In May 2018, STB and the ASEAN-China Centre jointly organised the China-Ready Tourism Training Seminar to equip the Singapore tourism industry with a better understanding of Chinese tourists. Four lecturers from the Guilin Tourism University shared insights on China’s Outbound Tourism Market, Travel Trends and Preferences, Chinese Travellers’ Consumer Behaviour, and Being China-Ready in ASEAN. The 92 tourism professionals who attended the event found it a useful platform for strengthening tourism cooperation and exchanges between China and Singapore.

- **STB also assumed the role of Chair of the ASEAN Tourism Competitiveness Committee (ATCC) for 2018–2019.** As ATCC Chair, STB’s responsibilities include overseeing regional marketing and promotional activities, diversifying tourism products, enhancing tourism standards and air, sea and land connectivity, facilitating cross border movements, and attracting investments to ASEAN.

AMWAY INDIA ALS 2018
One of the largest incentive groups that Singapore has hosted from India, Amway India Annual Leadership Summit was attended by more than 3,600 Amway Business Owners over five days. The event included business seminars at Resorts World Sentosa as well as exclusive buy-out of attractions on Sentosa Island.

The seventh edition of Singapore Art Week celebrated visual arts across Singapore, and showcased over 100 arts events ranging from museum exhibitions, gallery openings, festivals, art trails, talks and workshops. In addition to evergreen events such as the Light to Night Festival, ARTWALK Little India and the IMPART Collectors’ Show, the 2019 edition also featured new highlight events, such as the Frieze Academy public talk titled “Public vs Private Museums: Bridging the Divide?” and Unhomed Belongings: Lucy Liu and Shubigi Rao exhibition, which exhibited the works of US celebrity Lucy Liu.

The Frieze public talk was the second of three events organised by Frieze Academy, in partnership with Singapore Tourism Board.

The Huayi – Chinese Festival of the Arts takes place annually at the Esplanade during Chinese New Year, showcasing the works of Chinese artists, from traditional to contemporary art forms. Its 17th edition saw a spread of over 100 free performances and activities presented throughout the 10-day festival, including Chinese dance, instrumental concerts, and puppetry performances.

### Calendar of Events

**December 2018**

**Marina Bay Singapore Countdown 2019**
For the first time, STAR ISLAND Singapore Countdown Edition was held in conjunction with Marina Bay Singapore Countdown, Singapore’s largest New Year countdown event. Revellers were treated to multi-sensory fireworks musical displays that lit-up the iconic Singapore city skyline at midnight and a wide range of a celebratory programmes around the Marina Bay.

**Singapore Media Festival 2018**
The Singapore Media Festival brings together four complementary film and TV events – a trade market for film and TV, conferences, awards and festival screenings under a single umbrella. The ten-day festival saw film and TV professionals from around the world and region convene in Singapore to trade, learn, celebrate and indulge in the best of Asian and international content.

The events under the umbrella were:
1. Asia TV Forum & Market (ATF), 5 to 7 Dec 2018
2. ScreenSingapore (SS), 5 to 7 Dec 2018
3. Singapore International Film Festival (SGiFF), 28 Nov to 9 Dec 2018
4. Asian Academy Creative Awards (AAA), 6 to 7 Dec 2018

Calendar of Events

FEB 2019

CHINATOWN CHINESE NEW YEAR CELEBRATIONS 2019
Chinatown Chinese New Year Celebrations showcases a 7-week programming that includes themed street light up, festive bazaar, flower market, official light-up ceremony, countdown party, nightly stage shows, International Lion Dance Competition and Chingay @ Chinatown.

RIVER HONGBAO 2019
River Hongbao is the annual Lunar Chinese New Year event that celebrates Chinese cultures and traditions. The scenic waterfront festivities draw tourists and locals with performances by local and foreign acrobats and artists, traditional craft displays, carnival rides, games, and nightly fireworks and laser shows.

MICHELIN GUIDE SINGAPORE STREET FOOD FESTIVAL
Held at the Coliseum at Resorts World Sentosa, Singapore’s 3rd edition of the MICHELIN Guide Street Food Festival featured the delightful multi-ethnic culinary specialities of 15 Michelin-starred restaurants and Bib Gourmand eateries.

TOYBOX BY HASBRO
TOYBOX by Hasbro, a family-friendly carnival that promises to transport you to a world of your favourite Hasbro toys, was held at Sentosa Palawan Green for the first time. Organised by Kingsmen, the flagship event featured an exciting range of Hasbro toy brands such as Transformers, NERF, My Little Pony, Monopoly, Play-Doh, Cluedo and more, with games, activities and instagrammable installations.

MAR 2019

STREET OF CLANS
Street of Clans is a vibrant creative festival that brings together Bukit Pasoh’s colourful history and Singapore’s creative communities. The 3-day event turns the street into a riot of interactive programmes, installations, music, food, workshops and a rare chance to visit the Chinese clan associations to learn about the clan’s past.

FIVE FOOTWAY FESTIVAL 2019
Organised by the Chinatown Business Association, the inaugural Five Footway Festival was held in Chinatown this year. It showcased the breadth of unique heritage and cultural offerings in Chinatown in the 1930s. The programming included recreation of hawker scenes from the 1930s, trades demonstrations and workshops conducted by heritage brands such as Tong Heng, On Cheong, Eu Yan Sang and Nanyang Old Coffee.
INTERNATIONAL FURNITURE FAIR SINGAPORE/ASEAN FURNITURE SHOW 2019/NOOK ASIA 2019
The International Furniture Fair Singapore (IFFS), held in conjunction with the ASEAN Furniture Show (AFS) and Nook Asia, is Singapore’s largest annual furniture trade exhibition. Since 1981, IFFS has grown to be Asia’s premier sourcing platform and design-led exhibition, and serves as an effective platform to promote and enhance global trade for the furniture industry.

IFFS/AFS and Nook Asia 2019 featured a comprehensive range of furniture through a diverse portfolio of quality exhibitors and attracted a healthy and well-represented attendance of trade buyers and visitors. The event’s numerous design initiatives (SingaPlural and Furniture Design Award) offered added depth and dimension to the Singapore-anchored trade event and a key show to the industry trade calendar.

MONEY20/20 ASIA 2019
Money20/20 organises the world’s largest events focused on payments and financial services, and brings together the world’s leading organisations in the evolution of commerce and money.

Singapore hosted the second edition of Money20/20 Asia in March, gathering a global network of innovators, disruptors and established industry players and driving a worldwide payments and financial services revolution with a Pan-Asian focus.

SINGAPORE DESIGN WEEK 2019
The Singapore Design Week (SDW) brings together a collection of local and international design activities in Singapore. Held annually, SDW is organised by the DesignSingapore Council.

Open to the design community, businesses, design students and the general public, SDW aims to raise awareness of good design, deepen the appreciation and understanding of design innovation and encourage the use of design for innovation and productivity. Through this platform, the DesignSingapore Council also hopes to enhance the synergy among design partners, and in turn boost Singapore’s profile and attractiveness as a global city for design.

In the sixth edition, SDW 2019 featured local and international design trade shows, conferences, showcases, exhibitions and workshops that span various design disciplines. Some of the activities included SingaPlural, the International Furniture Fair Singapore, Design X Heritage Trails, Brainstorm Design, Wallpaper* Handmade Exhibition, Design Competitions, Workshops and Forums for Designers and Business. Many of the activities took place at the National Design Centre, the hub of SDW. These activities provided opportunities for business, international collaboration and knowledge exchange.

HSBC WOMEN’S WORLD CHAMPIONSHIP 2019
The 2019 HSBC Women’s World Championship was the 12th edition of Singapore’s biggest professional ladies golf event which featured top ranking players from around the world. Dubbed as Asia’s Major, the four-day festival was held at Sentosa Golf Club in Singapore, giving fans and spectators opportunities to get up close with their favourite golf stars. Beyond the stellar golfing line-up, the event offered an array of off-course activities for an immersive experience of golf-related activities and entertainment offerings alongside the tournament.

CORPORATE GOVERNANCE

STB recognises the importance of a strong corporate governance culture to enabling sustainable growth. In 2018/2019, we continued to build on our robust corporate governance foundation by taking active measures to further enhance our governance standards.
Board Governance

Responsibilities of the Board
The Board oversees and monitors STB’s organisational performance and achievement of strategic goals and objectives. It assumes the responsibility of reviewing and approving corporate strategies, budgets and financial plans.

Board Composition and Appointment
From 1 April 2018 to 31 December 2018, there were eleven Directors on the Board. Following the stepping down of Mr Lionel Yeo on 31 May 2018, the appointment of Mr Keith Tan on 29 October 2018, the retirement of Ms Christina Ong on 31 December 2018 and the appointments of Ms Audrey Kuah and Mrs Wong Ai Ai on 1 January 2019, there were twelve Directors on the Board from 1 January 2019 to 31 March 2019. Mr Chaly Mah, Ms Joanna Flint, Mr Allen Law, Mr Prasad Menon and Mr Saiful Saroni were re-appointed to the Board with effect from 1 January 2019.

The size and composition of the Board are guided by the clauses stated in the STB Act, with the eventual composition subject to approval by the Cabinet. The desired outcome is the provision of a conducive environment for effective discussions and decision-making. The process for the appointment of Directors to the Board is kept formal and transparent as this is critical to the role that corporate governance plays. A review of the Directors’ membership on the Board is done when his or her official term of appointment ends.

The Board is given the mandate to act independently and to exercise objective judgment on the STB’s corporate affairs. This is to ensure that checks and balances are instituted. Apart from Mr Keith Tan and Mr Quek Swee Kuan, the other Directors on the Board are Independent Directors. A Director’s independence is re-assessed at the point of each re-appointment.

Conduct of Board Affairs
The Board approves financial transactions above a certain financial limit. A regular review of the financial authorisation and approval limits is performed. During each financial year, the Directors are requested to complete an annual Board Evaluation Questionnaire that allows the STB to assess the overall administration of Board matters and engagements with the Board.

Under the year in review, there were a total of five scheduled Board meetings and a one-day Board Workshop to discuss key strategic issues. A record of the Directors’ attendance at Board meetings during the financial year, which ended on 31 March 2019, is set out in Table 1.

1  Mr Lionel Yeo stepped down as Chief Executive (CE), STB and Board Member on 31 May 2018, and was scheduled for one Board Meeting. Acting CE Melissa Ow was scheduled for two Board Meetings.
2  Mr Keith Tan was appointed as STB CE on 29 October 2018 and was scheduled for two Board Meetings.
3  Ms Audrey Kuah and Mrs Wong Ai Ai were appointed to the Board with effect from 1 January 2019 and were both scheduled for one Board Meeting.
4  Ms Christina Ong retired from the Board with effect from 31 December 2018 and was scheduled for four Board Meetings.
Corporate Governance

Directors are given access to the STB’s records and information, senior management, or any other staff of the organisation as deemed necessary for them to effectively discharge their responsibilities and to deliberate meaningfully on issues discussed at Board meetings.

The following Board Committees assist the Board in executing its duties:

- Audit and Risk Committee (ARC)
- Finance and Investment Committee (FIC)
- Governance Committee
- Human Resource Management Committee (HRMC)

A record of each Director’s Board Committee memberships and attendance at Board Committee meetings during the financial year, which ended on 31 March 2019, is set out in Table 2.

Accountability, Internal Controls and Risk Management

Audit and Risk Committee
The Audit and Risk Committee (ARC) comprised three independent and non-executive Directors until 1 January 2019, at which time there was a change in composition to four Directors. At least two members of the ARC have the requisite accounting or related financial management expertise to discharge their responsibilities and duties.

The responsibilities of the ARC are stated in the terms of reference, which include ensuring the adequacy of internal controls and reviewing audit plans, audit reports and audited STB Annual Financial Statements. Besides overseeing accountability and audit, the ARC also assists the Board by providing oversight of the STB’s Enterprise Risk Management Framework through regular risk management reports from Management.

The ARC has explicit authority to investigate any matter within its terms of reference; it also has full access to, and co-operation of, Management. It has direct access to the Internal Audit and external auditors with full discretion to invite any Board Member or Management staff to attend its meetings. In addition, the ARC also met with the external auditors and staff of Internal Audit without the presence of Management, during the financial year. In order to properly discharge its function and duties, reasonable resources are made available to the ARC.

Internal Controls
The Board ensures that Management maintains a sound system of internal controls to safeguard the interests of stakeholders and the assets of the STB. The ARC ensures that a review of the effectiveness of the STB’s internal controls – including financial, operational and compliance controls, and risk management – takes place annually through the various audits performed internally and through related reports issued to the ARC. For certain projects or areas where independent expertise is specially required in connection with the review of controls, external professionals and service providers are appointed accordingly.

External Audit
As part of the annual financial statements audit, the external auditors conduct a review of the significant internal controls. Such controls are mainly determined by the purpose of the audit and the scope of works under the audit plan. Any material non-compliance and/or internal control weaknesses, together with the external auditors’ recommendations, are addressed and made known to the ARC.

To maintain the independence of the external auditors, the ARC has reviewed the nature and extent of non-audit services provided by the external auditors during the year and the fees paid for such services. The ARC is satisfied that the independence of the external auditors has not been impaired by the provision of those services. The external auditors have also provided confirmation of its independence to the ARC.

Internal Audit
The Internal Audit reports functionally to the Chairman of the ARC and administratively to the Chief Executive. As part of its auditing, the Internal Audit is guided by the current International Professional Practices Framework issued by the Institute of Internal Auditors. The adequacy of funding and staffing of the Internal Audit and its appropriate standing within the STB is ensured by the ARC.

The Internal Audit adopts risk-based auditing as its key audit assurance practice. It provides regional offices, major process owners and policymakers of the STB, with reasonable assurance on the effectiveness of control and governance processes in the management of risks and accomplishment of objectives.

Whistleblowing Policy
The STB has in-place a whistleblowing policy to allow employees, vendors, partners of the STB and the general public to report malpractices and misconduct in the workplace. The policy aims to encourage the reporting of such matters in good faith, with the confidence that persons making such reports will be treated fairly and, to the fullest extent possible, protected from reprisals. All whistleblower reports, including the identity of the whistleblower will be treated with confidentiality. Reports can be lodged directly to STB Internal Audit via email at ethics@stb.gov.sg.

Finance and Investment Committee
The Finance and Investment Committee (FIC) comprises four Directors. Its responsibilities include providing guidance on leadership development and talent management matters; reviewing compensation policies and structures to ensure competitiveness; endorsing the promotion of officers to or within Salary Grade 15 and above (i.e. the equivalent of Superscale Grades in the Civil Service); the assessment of the STB’s financial performance report to the Board of Directors; and reviewing and approving recommendations on disciplinary matters pertaining to members of senior Management.

Governance Committee
The Governance Committee comprises three Directors, including the Chairman of the Board. The Committee’s main focus is to ensure the effectiveness of the Board and Board Committees. To ensure that the Board has the appropriate balance of skills and experience to deal with the strategic issues and challenges facing the STB, the Governance Committee reviews the size and composition of the Board, and recommends new appointments and renewals of Directors. It also assumes the responsibility for conducting an annual evaluation of the Board’s effectiveness.

Human Resource Management Committee
The Human Resource Management Committee (HRMC) comprises four Directors, including the Chairman of the Board. Its responsibilities include providing guidance on leadership development and talent management matters; reviewing compensation policies and structures to ensure competitiveness; endorsing the promotion of officers to or within Salary Grade 15 and above (i.e. the equivalent of Superscale Grades in the Civil Service); the assessment of the STB’s financial performance report to the Board of Directors; and reviewing and approving recommendations on disciplinary matters pertaining to members of senior Management.
